PROFESSIONAL SUMMARY

Highly motivated and ambitious Computer Science graduate with a strong foundation in the software development process, technologies, and several programming languages. Graduating with a 3.97 GPA, several certifications, and numerous portfolio projects, I'm equipped with hands-on experience and a strong academic background. I am eager to leverage my technical proficiency and adaptability in a growth-focused environment. With a passion for learning and commitment to producing efficient and quality results, I am dedicated to applying my knowledge and skills to create meaningful solutions.

PROJECTS

SIGN-UP, LOGIN, AND LOGOUT WEB APPLICATION

PHP, MYSQL, XAMPP, BOOTSTRAP

Created a locally hosted web app in PHP and Bootstrap with user registration, login and authentication, and session management.

ENHANCED EXERCISE LOGGING APPLICATION

Javascript, HTML, CSS

Front-end web application for users to log and track exercises. Includes customizable user profile card, dynamic home page that changes with progress, achievements, and graph visualizations tied to locally stored data.

PORTFOLIO WEBSITE

Javascript, HTML, CSS

Developed a portfolio website that includes interactive navigation, fluid design, downloadable CV, and a contact form that sends messages to google sheets.

PREVIOUS WORK EXPERIENCE
